CACTUS SAVES THE PLANET

C O L L E C T I O N 2 0 2 5

INTRODUCING BLACK CACTUS

WHO WE ARE

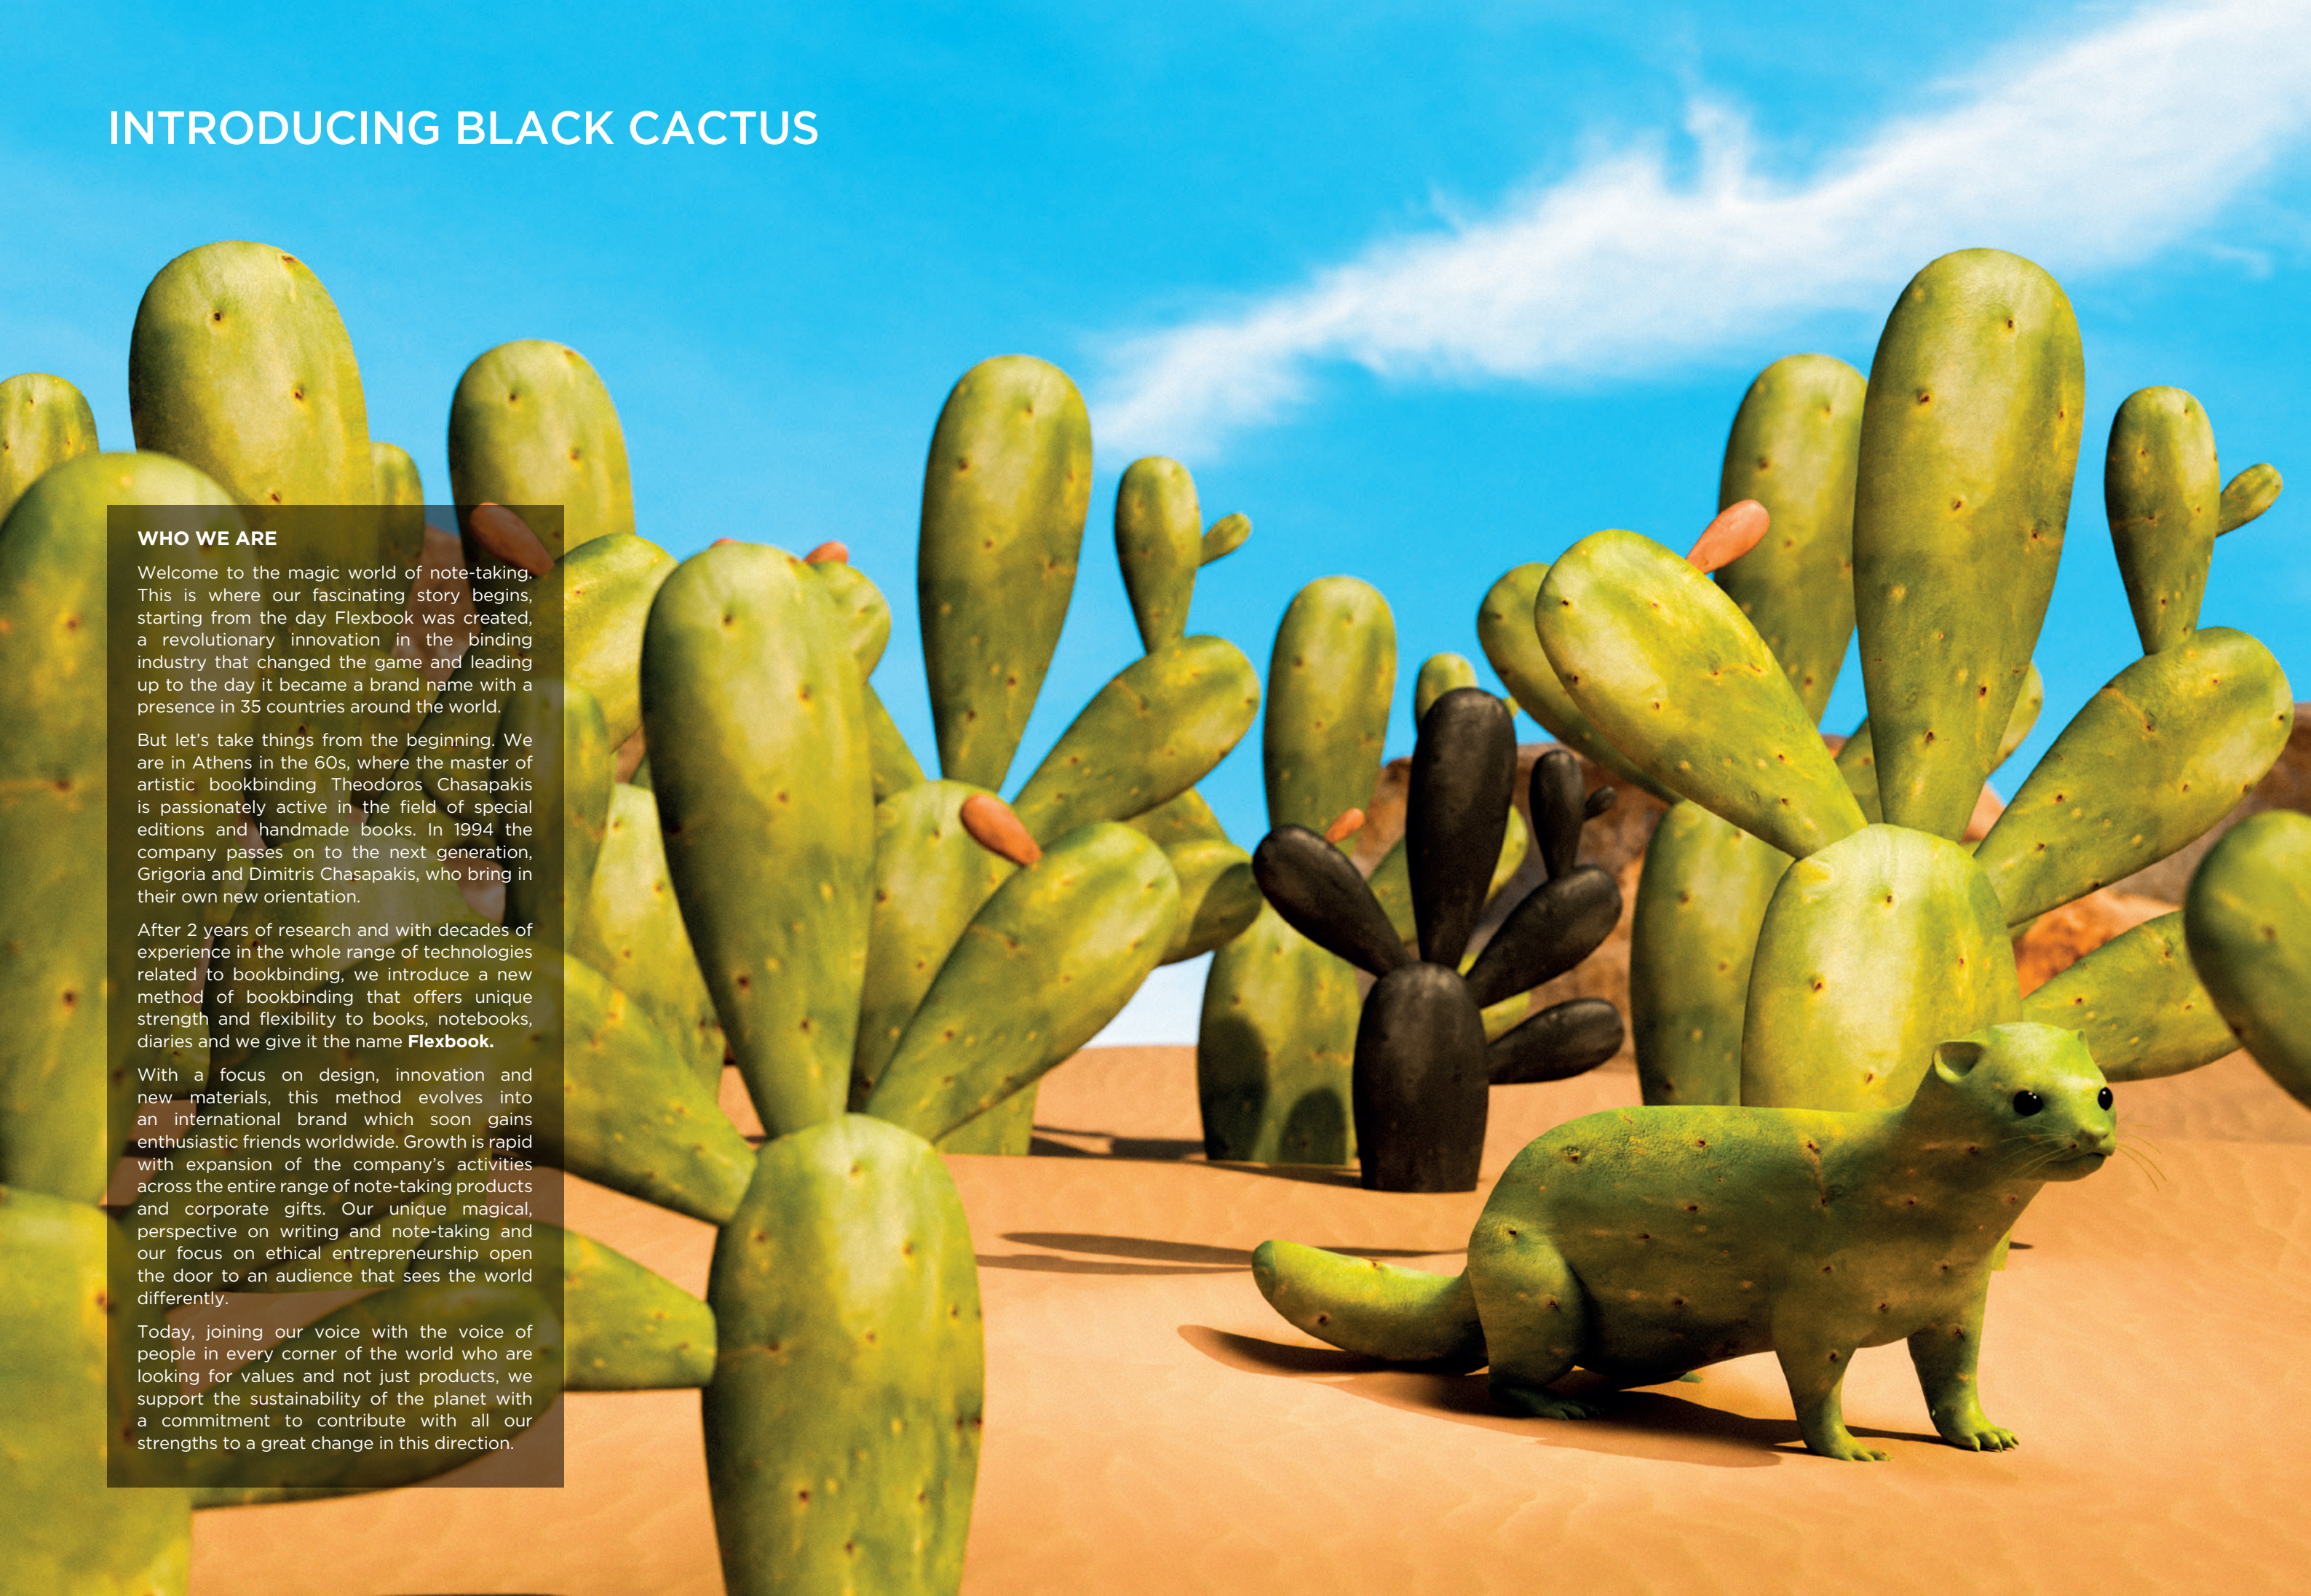

Welcome to the magic world of note-taking. This is where our fascinating story begins, starting from the day Flexbook was created, a revolutionary innovation in the binding industry that changed the game and leading up to the day it became a brand name with a presence in 35 countries around the world.

But let's take things from the beginning. We are in Athens in the 60s, where the master of artistic bookbinding Theodoros Chasapakis is passionately active in the field of special editions and handmade books. In 1994 the company passes on to the next generation, Grigoria and Dimitris Chasapakis, who bring in their own new orientation.

After 2 years of research and with decades of experience in the whole range of technologies related to bookbinding, we introduce a new method of bookbinding that offers unique strength and flexibility to books, notebooks, diaries and we give it the name **Flexbook**.

With a focus on design, innovation and new materials, this method evolves into an international brand which soon gains enthusiastic friends worldwide. Growth is rapid with expansion of the company's activities across the entire range of note-taking products and corporate gifts. Our unique magical, perspective on writing and note-taking and our focus on ethical entrepreneurship open the door to an audience that sees the world differently.

Today, joining our voice with the voice of people in every corner of the world who are looking for values and not just products, we support the sustainability of the planet with a commitment to contribute with all our strengths to a great change in this direction.

THE ORIGINAL

FLEXBOOK MEANS FLEXIBILITY AND ENDURANCE BEYOND360°

Thanks to their unique bookbinding technology Flexbook products fold backwards, open and remain opened. They also offer extremely greater durability than products with classic bookbinding allowing books, diaries, notebooks to be opened thousands of times more without breaking, regardless the intense of the usage. This is a totally new performance level that goes far beyond the conventional 360° that everyone is talking about. Furthermore, in order to guarantee these unique characteristics each product must always carry the special authenticity hologram that identifies it as an original Flexbook technology product.

ADVANTAGES BEYOND360°

- **INNOVATIVE WITH REVOLUTIONARY TECHNOLOGY**
New innovative technology. The originality of our products is guaranteed with a special authenticity hologram.
- **FLEXIBILITY BEYOND 360°**
Opens 180° and folds 360° but total flexibility goes far beyond 360°.
- **OFFERS ENDLESS DURABILITY WITHOUT BREAKING**
With thousands of more openings in the most demanding circumstances.
- **OPENS FLAT WITH NO EMPTY SPACE IN THE MIDDLE**
Easy scanning and photocopying.
- **YOU CAN WRITE FROM END TO END**
Offers greater continuous writing surface from end to end.
- **LONGER PRODUCT LIFE AND THE LOOKS OF CLASSICAL BOOKBINDING**
Provides extended product life thanks to the specially designed and sewn spine.

WE SHARE WE CARE

We share the same vision with people from all over the world who see an urgent need to do something for the world we live in. From USA to Belgium or New Zealand and from Japan to Germany or Chile people from 35 countries love our magical approach to the universe of note-taking.

VISIONS

I♥CACTUS

CACTUS SAVES THE PLANET

Our amazing I♥CACTUS line of eco notebooks, with covers made of sustainable plant-based leather from organically grown Nopal cactus leaves, is now big news all over the world. Cactus plants used for the production only require rainwater and earth minerals to grow and no herbicides, pesticides or irrigation of any kind are being used. This new material is a dream come true for all of us looking for an eco-friendly alternative to leather and it is totally adored by famous designers from the fashion industry and the luxury automobile industry. It is here to make an amazing contribution to the future of our planet by eliminating the need of leather made from animal skin or synthetic elements and by reducing the amount of plastic that ends up in the waste or our oceans. It offers great performance for a wide variety of applications and complies with the most rigorous quality and environmental standards. The cactus collection is growing fast and today we proudly present the third color of our collection, the new **Black Cactus Notebook**.

I♥CACTUS Notebook

A fantastic line of eco notebooks with covers made of sustainable plant-based leather from organically grown Nopal Cactus leaves. They are ruled and come in three perfect colors. The flyleaf is Favini ECO coffee paper and the inside is Favini ECO citrus paper 100gsm. All I♥CACTUS eco notebooks come in one unique size 13x21 cm. They offer 192 pages, rounded corners, a promo card describing our new concept and logo with black or grey embossing.

- 13x21cm / 5,12 x 8,27 in
- 21.00122 Cactus leaves
 - 21.00123 Desert sand
 - 21.00127 Black Shadow

All genuine Flexbook binding products have the holographic label. Innovation patented.

REVOLUTIONARY ECO NOTEBOOKS MADE OF CACTUS LEAVES

ECOSMILES

A SMILE FOR THE PLANET

Ecosmiles is the name of our wonderful eco notebooks, which bring a smile for our planet. With covers made from real coffee beans, kiwi, olive, cherry, lavender, almond and citrus interiors they give all of us the opportunity to do something about climate change.

Ecosmiles are produced from the superb eco paper line Crush, a new product launched by the Italian paper manufacturer Favini, derived from the creative reuse of agricultural residues that replace up to 15% of pure tree pulp.

VISIONS

LIMITLESS IMAGINATION

Some people believe that notebook spines are simple binding tools with no special interest whatsoever. Our Visions line offers amazing creative book spines with great patterns that will make each book look more attractive and special. Notebooks come with the "all angles" pattern in white on black background and diaries with black elements on red background. Notebooks are offered in 2 different sizes: 13x21cm and 9x14cm and diaries in 13,8x20,4cm. The quality design elements include Fedrigoni black special art paper covers, a pocket and a FLEXme bookmarker.
